Fun with floaties: water toy safety - Canadian Red Cross Blog

From the introduction of pre-beginner and beginner levels in its water safety program in 1950 to narrow the gap between those who can and can't swim, the Canadian Red Cross has stressed the importance of teaching critical knowledge to prevent injuries and worse. Over time, the program has incorporated the findings of research supporting the use of equipment such as lifejackets while enjoying boating and other leisurely activities.

Early Water Safety Manual - Canadian Red Cross Timeline

Red Cross Aquatic Safety Plan Many Canadians will participate in activities on the open water this summer. Sadly, tragic and preventable water-related fatalities occur each year. A Red Cross research report examining recreational and daily living water-related fatalities from 2009-2014 showed that an average of 457 Canadians drowned each year.

Open Water - Canadian Red Cross

The Canadian Red Cross has a long history of developing well-trained professional instructors who love swimming as much as they love to help others learn. Anyone age 15 or older can start with the Assistant Water Safety Instructor course. Through course training and practical hands-on experience they develop their skills.
