### CenturyLink Speed Test

CenturyLink speed test is performed by performing various speed tests using your CenturyLink internet connection. This happens when our speed test service sends a chunks of bytes to CenturyLink's nearest server. Firstly, we perform a download test in which chunks of bytes are downloaded from remote server to your computer and the transfer rate of downloading that file is measured, this is called Download speed test.

### CenturyLink Speed Test

Locate the test jack that has a wire running from the house plugged into it. Unplug that cord from the test jack. Plug one end of the modem cord (looks like a phone cord) into the test jack. Plug the other end into the port labeled "DSL / LINE" on the side or back of your modem.

### Test your internet at the Network Interface | CenturyLink

The process took 2+ weeks. I interviewed at CenturyLink (Phoenix, AZ) in July 2020. Interview. Had a conversation with the recruiter and she was awesome and continued to be great. A week later met with the hiring manager. He apparently was new and seemed like he wasn't too sure of himself.

### CenturyLink Interview Questions

The speed test uses your CenturyLink internet connection to download then upload a dummy file to your computer. It calculates your speeds by dividing the size of the file by the time it takes to complete the download or upload. The test also measures how long it takes to send a signal—or ping—to the server and back to calculate your latency.
