Civil Military Relations A Case Civil-military relations is an interdisciplinary area of research, reflecting the work of political scientists, military, sociologists, and historians. History and culture, the constitution of the state and the statutes and practices arising therefrom, changes in the international security environment, technology, the character of conflict, and the changing concept of "soldier-hood" all influence the civil-military relations of a state.

Prominent civil-military relations scholar Yagil Levy describes the Israeli case as "civilian control over the military but not civilian control over militarization." In my research, I found there to be three crucial elements in understanding Israeli military intervention in politics (sharing similarities with regional rivals Egypt and Turkey): governing, economic activities, and national security policies.
