D80 Camera Manual | Nikon

The F80 keeps with the traditional look of Nikon camera bodies, with a black plastic exterior, white Nikon lettering on the prism with a red rubber insert on the inside of the camera's grip. The F80 accepts all F-mount Nikkor lenses with the exception of many pre AI, and all IX, lenses (these cannot be mounted on the F80 without causing damage). Older non-CPU AI and AIS lenses can be mounted on the camera, but exposure must be set manually as the camera will not meter through them at all.

Nikon F80 - Wikipedia

Download firmware for Nikon digital products (firmware being the built-in software that controls cameras and other devices). To view descriptions, cautions, and download and installation instructions, click "View download page".Note that a card reader or other equipment may be required for some firmware updates.
