Student System (MARSS) Manual provides definitions and parameters of all the MARSS data elements, reporting procedures for a variety of situations and appendices that describe related student accounting issues to help school staff report accurate and consistent student data. The data are reported electronically via a web-based system called the MARSS Web Edit System (WES).

MARSS Reporting Instructions

Mars Heat Sink: The Mars heat sink is an optimal solution to cool the Mars ZX3 – it's low profile (less than 7 mm tall) and covers the whole module surface. It comes with a gap pad for the FPGA and four screws to attach it to the module PCB. With additional user configured gap pads, it is possible to cool other components on board as well.
