PerformArc robotic welding systems make adding an automated weld cell to your operation quick and simple. You don't need previous automation experience to get started — and once a PerformArc system is up and running, Miller welding and service specialists are available 24 hours a day to help keep it that way.

PerformArc Robotic Welding Systems - MillerWelds

The Panasonic robots are specifically designed as welding robots, based on the principle that anybody who already has experience with welding the material should also be able to program the robot. The result is very clear and easy programming, using symbols and simple menu-driven dialogues.
