Phonics instruction helps children learn the relationships between the letters of written language and the sounds of spoken language. It teaches children to use these relationships to read and write words.

Response to Intervention / Phonics

The Phonics Intervention Game is designed to solve kid's reading problems in just a few weeks with around six to 12 hours of instruction. The roadmap is the same as the one I used for two different students. The first was a 10th grader who struggled with sound-based decoding and "Word Attack." In April, he scored just 1.7 in the Word ...
