SMART Recovery is a global community of people and families working together to resolve addictive problems. In our free group discussion meetings, participants learn from one another using a self-empowering approach based on the most current science of recovery.

Core Beliefs - SMART Recovery

The real work of recovery comes not from managing to stop one’s substance use, but in overcoming the self-defeating, painful (and usually inauthentic) negative self-beliefs that are the underlying impetus for substance use. The greater goal is to create new, more positive perceptions of one’s true, innermost self.

Recovery Belief - AbeBooks

There are many answers to that question, but one of them is that limiting beliefs keep them bound. As Schopenhauer observed, “Every person takes the limits of their own field of vision for the limits of the world.” The good news is, when you let go of your limiting beliefs, you expand your sense of possibility and jump-start your recovery too.

Do Limiting Beliefs Lead to Addiction? - recovery.org
