Rigging | Know the Stage

Rigging Math Made Simple, Second Edition. The job of an entertainment rigger is to safely suspend objects (scenery, lights, sound equipment, platforms, and even performers) at very specific locations above the ground. The type, size and location of the structural members from which these objects must be suspended vary greatly from venue to venue. Additionally, the size, weight, and location of each object varies from object to object.

"The Rigging Math Made Simple Workbook" by Delbert L. Hall ...

Harry Donovan the Author of the rigging formulas sent me this. Sorry folks. "We now want to make some money selling these products, to gain some profit from the many thousands of hours we've spent writing and editing this material. We would prefer that you cease publishing the rigging formulas and bridle cheat sheet on your web-site.
