### Traditional Chinese Medicine Cupping Therapy - 3rd Edition ...

Cupping is a practice used in traditional medicine in several parts of the world, including China and the Middle East. It involves creating suction on the skin using a glass, ceramic, bamboo, or plastic cup. Negative pressure is created in the cup either by applying a flame to the cup to remove oxygen before placing it on the skin or by attaching a suction device to the cup after it is placed on the skin.
