Yd25 Engine Timing

Nissan Diesel YD25 Timing Chain Detail I made this video just for my own records as this engine has a complex timing structure.

Nissan Diesel YD25 Timing Chain Detail

All common rail YD25 engines from 2005 have duplex (double row) camshaft timing chains. The duplex camshaft timing chain is built for a 300,000 km service life. The fuel pump drive timing chain is simplex (single row) and is failing well before the camshaft timing chain.

Manual Method - YD25

YD25.com.au supplies a range of parts to suit Nissan D22 Navara, D40 Navara and R51 Pathfinders fitted with YD25DDTi engines. Our flagship product is a duplex double row timing chain conversion kit developed by us to replace the original single row timing chain which is prone to failure.

YD25

All common rail YD25 engines from 2005 have duplex (double row) camshaft timing chains. The duplex camshaft timing chain is built for a 300,000 km service life. The fuel pump drive timing chain is simplex (single row) and is failing well before the camshaft timing chain.

Diagnose Timing Chain Fault - YD25

YD25 Duplex Timing Chain Conversion Kit The original yd25 engine had a double row fuel pump chain. The euro 3 and euro 4 yd25 engine use a single row fuel pump chain. The engine still kept double row guides.

YD25 Duplex Timing Chain Conversion Kit

YD25.com.au supplies Nissan D22 Navara, D40 Navara and R51 Pathfinders premium quality timing chain parts backed by a three year, 60,000km warranty.

Timing Chains - YD25

The Cause of the Problem – The early YD engines (YD22) were fitted with a duplex style timing chain from factory, timing chain failures in these engines were very rare. When they introduced the YD25 engine, that Duplex chain was replaced with a single row primary timing chain. The weak single row primary timing chain wears excessively.
